MEADOWLARK PARK COMMUNITY HALL

**THE MEETING
PLACE YOU'VE
BEEN WAITING FOR**

If you're a business or social group needing a well-maintained, centrally-located and reasonably priced community facility, Meadowlark Park Community Hall may be just what you need for your meeting or training needs.

Operated and maintained by community residents, this cost-effective facility is quiet and clean — an ideal space for training, seminars and meetings. It offers many of the comforts of home, but away from home.

Or perhaps you need storage space. Ask about our newly refurbished storage rooms—clean, dry, heated, secure and affordable. Access is by appointment only.

So call us today, and let's explore the possibilities.

HISTORY

Originally constructed in 1958, this fine community facility was built almost entirely with the energy and enthusiasm of the residents of our community. In its day it has been used for a variety of purposes — community gatherings, Annual General Meetings, executive activities, skating parties, weddings, birthdays, graduations and even some small-business activities.

FACILITIES

The hall has two levels. The upper level, with its wood-panelled walls and high, white ceilings, has warm, rustic charm. In fact, many who use the hall compliment the mood of friendliness and affability the space brings to their activities, and when part of a recent Alberta television commercial was filmed at the hall, we were told that the space's inviting cosiness was one of its most appealing characteristics.

Chairs and tables for up to 60 people are available in the upper hall, and for 30 people downstairs. Each level has its own bathrooms, kitchen, and coat-check areas, all of which are clean and fully functional. The lower level has recently undergone a major transformation and now offers brand new facilities throughout.

The upper hall offers a two-riser stage that makes addressing larger audiences and congregations that much easier.

STORAGE FACILITIES

We also have storage rooms available, for business or personal use. Each room is approximately 100 square feet in size, newly renovated, and ready for short- or long-term storage. Access to these storage rooms is by appointment only.

FREE PARKING

The centrally-located Meadowlark Park Community Hall is well-maintained and easy-to-find. There's plenty of free parking and our rates are very reasonable for a clean, warm and dry space of this size and quality. It's ideal for clubs, drama and/or music groups, dance classes, learning institutions, church groups, businesses (for meetings, training sessions, and seminars), flea markets, fêtes, bazaars, garage sales and many types of small family get-togethers and receptions.

CALL US

If the Meadowlark Park Community Hall is what you or your organization have been looking for, call us today, and together we'll explore the possibilities.
